SHORT DESCRIPTION	<p>A sporty inspiration characterizes the design of these piqué pants with drawstring waist and celliant technology. Tonal tape seams emphasize the hybrid aesthetic of the garment, recalling techwear. The celliant technology allows for a light material to be highly protective against the cold. The iconic Prada Linea Rossa logo badge stands out on the side.</p>	<p>Decorated with the iconic latex rubber logo label, these snowboard pants are made of technical celliant fabric, which allows for better protection from the cold, by recycling body heat. The polyester material used is also designed to ensure excellent protection against water and wind and maintain optimum breathability.</p>

			
PRODUCT NAME	Technical fleece jacket with nylon details MEN/WOMEN		
PRODUCT CATEGORY	Ready-To-Wear		
STYLE	Directional		
SIZE RANGE MEN	XS-XXL		
SIZE RANGE WOMEN	XXS-XL		
PRICE	€5,120.00		
MATERIAL	Polyamide, Elastane, Cotton		
COLORS	blue with print		
SHORT DESCRIPTION	Made of a soft technical fabric and celliant technology, the cardigan blends sporty inspiration with sophisticated elements and materials. The garment, characterized by the triangle print, born on the trunks designed by Mario Prada, is enriched with nylon details. Functional material, a vehicle for experimentation, nylon correlates the old and the new, the precious and the simple. This is a marriage between Prada brand and Linea Rossa		

		
PRODUCT NAME	Ski pants MEN/WOMEN	Short down jacket in Nylon Light MEN/WOMEN
PRODUCT CATEGORY	Ready-To-Wear	Ready-To-Wear
STYLE	Directional	Directional
SIZE RANGE MEN	XS-XXL	S-XXL
SIZE RANGE WOMEN	XXS-XL	XS-XL
PRICE	€4,000.00	€7,900.00
MATERIAL	Polyester, Polyamide, Elastane, Graphene	Polyester, Polyamide, Elastane, Graphene
COLORS	blue, beige	red/orange
SHORT DESCRIPTION	<p>These sleek pants with a distinct sporty attitude are perfect for skiing and made of Extreme-Tex, an innovative multi-layered waterproof fabric created by Prada and born from the desire to combine cutting-edge textile technologies with eco-sustainable manufacturing methods. They have distinctive adjustable hook-and-loop fastener straps on the waist and pant hem and waxed zippers. Celliant technology favors the regulation of body temperature: In cold weather, the heat is evenly distributed to stabilize the body temperature. The latex label decorates the garment.</p>	<p>A windproof and abrasion-resistant double-layer technical fabric, Nylon Light and Celliant guarantees waterproofness, breathability and heat recycling. A short but voluminous cut defines this down jacket, with a raised collar and knitted details. The mixed padding of goose down and Graphene® guarantees a high thermoregulation capacity, with antibacterial properties. The emblematic Prada Linea Rossa latex label logo defines the silhouette.</p>

		
PRODUCT NAME	Nylon Ribbed Beanie UNISEX	Windproof knit gloves UNISEX
PRODUCT CATEGORY	Accessories	Accessories
STYLE	Directional	Directional
SIZE RANGE MEN	S-L	6-10
SIZE RANGE WOMEN		
PRICE	€560.00	€700.00
MATERIAL	Polyester	Fabric
COLORS	red, blue, print	red
SHORT DESCRIPTION	This beanie made of Nylon, a technical knit made from recycled yarns and with a ribbed knit motif. A new innovative technology called Celliant is woven into the nylon, allowing better protection from the cold.	These gloves decorated with the Prada Linea Rossa logo are made of a three-dimensional seamless knit fabric that makes them light, flexible, and very breathable. In addition, the knit fabric was introduced to a new technology called celliant, which allows for better protection from the cold.
